

Applied Economics Quarterly

Konjunkturpolitik

Welcome to the online submission and editorial system for *Applied Economics Quarterly*.

Applied Economics Quarterly is an international journal publishing applied research with strong relevance for economic policy. Contributions to all areas of economics are invited; in particular, macroeconomics and monetary policy, international economics, economic growth, finance, trade, and labor economics. The journal's goal is to improve economic policy-making by providing a forum for innovative and rigorous research. The journal is particularly interested in publishing work on European policy issues. The journal will also occasionally publish symposia and special articles that cover topical policy-relevant issues in contemporary economics.
